

My/Our Pledge of Financial Support for the Good Shepherd Lutheran Church 2012 Ministry Year Budget

God continues to work through His people at Good Shepherd Lutheran Church making our ministries thrive and grow! What a blessing it is to serve the Lord with our time, talents and financial resources and see how He uses our gifts to His glory! We have much to celebrate as we look back over the 2011 Ministry Year; much of which was made possible through the generosity of so many, like you, who made a commitment to support our church with your financial gifts. Your support has helped us to be a church that is thriving! But, more than ever, these times demand that we reach further. We need to UPGRADE our ministries and expand our efforts even more.

Last week we mailed to you a packet of information which describes our UPGRADED budgetary needs for 2012 in support of our UPGRADED ministry objectives. We hope you have had a chance to carefully review the packet and are ready to do what it takes to meet 2012 head on!

So...what's next? We need 100% participation from everyone to achieve our goal! For some, that means making a financial commitment for the first time; for others, it means increasing your giving from last year. It might even hurt, we know! But we encourage you to trust in God – He will be at work in your life in great and glorious ways and use your generosity to make meaningful things happen.

To help you make your personal pledge of financial support for the 2012 Ministry Year Budget, please complete the section at the bottom of the page and mail to the church or place it in the offering plate in worship.

Please return this portion of the pledge form
